

Queen's Printing Services provides Thesis Printing for Students

Dunning Hall, Room 9 (downstairs)

The draft version of your master's thesis may be printed in black and white, including pictures and graphs etc., on plain bond paper, double-sided to save you money and also reduce the environmental impact. Do not bind the copies – we will clip them together during your Thesis Submission Meeting. The printing cost for your thesis is 5 cents per single-sided sheet. There are two ways to prepare your 5 (five) copies for a master's thesis or 6 (six) copies for a doctoral thesis:

1. You may use your SKHS photocopy code on the photocopier located on Level 3 of the SKHS Building at 28 Division to print your thesis copies

OR

2. You may forward a PDF version of your thesis to Printing in Dunning Hall via email at: dhp@queensu.ca. Provide Printing with an account code to charge the costs to or indicate that you will pay cash upon verification of the amount owed.

Printing is frequently completed with 2-4 days of your request.

For further information please call Printing at 613-533-6600 or x77374.
